CITY MANAGER	Kamuron Gurol
CHIEF OF POLICE	Chief Scott Kimerer

From Your Police Chief

March 2015

I am pleased to present the 2014 Police Services Report for the City of Burien. It has been an honor to be your Police Chief for the last eleven years. It is my commitment to ensure that the people of our city are informed of the public safety issues and the priorities of your police department.

As the Chief, I have concentrated on strategies to effectively deal with the issues of youth violence, secure schools, traffic safety and a crime-free community. The Burien Police Department has dedicated resources to improve the safety of our downtown, we have added a Traffic Enforcement Officer, and we continue to work diligently on violent and property crime reduction. Further, we continue to improve our communication with the community and our very diverse population. It is our goal to ensure the quality of life that every citizen in Burien deserves.

I would like to thank the City of Burien staff, City Council and our residents for their continued support of this community. I would further like to commend the members of the Burien Police Department for their outstanding efforts to reduce crime and help make Burien a great place to live.

Sincerely,

K. Scott Kimerer, Chief of Police

About the Annual Police Service Highlights & Data Report

The Annual Police Service Highlights & Data Report contains information on the service efforts and accomplishments of the Burien Police Department to support its mission, goals, and objectives. The goal of the report is to keep the City of Burien residents, staff, administrators, and elected officials informed of police service and crime activity in the city. The report is produced by the City of Burien Police Department in partnership with the King County Sheriff's Office (KCSO) Research, Planning and Informational Services and Contracts Units. Questions about the report can be directed to the Burien chief of police.

The Police Service Highlights section gives a narrative of police efforts and year-to-year comparisons of selected crime and police service data. Most of the data in this section is taken from the Police Services Data section unless otherwise indicated as being from a difference source.

The Police Service Data section provides further detailed crime and police service data. Please note that numbers in this section may differ slightly from numbers in the Police Services Highlights due to rounding differences.

Note: Burien annexed the North Highline potential annexation area on April 1, 2010. According to the 2010 Census, the population before annexation was 33,313; the population after annexation was 48,072. Where applicable, the report specifies where population is included in calculations.

Burien Police Department Mission, Goals, & Core Values

Mission
The mission of the Burien Police Department is to prevent crime and create an environment where people feel safe, while providing quality, professional law enforcement services designed to improve public safety.

Core Values
The Burien Police are committed to the core values of Leadership, Integrity, Service and Teamwork. We firmly believe in our core values and let these values guide all work that we do in the community.

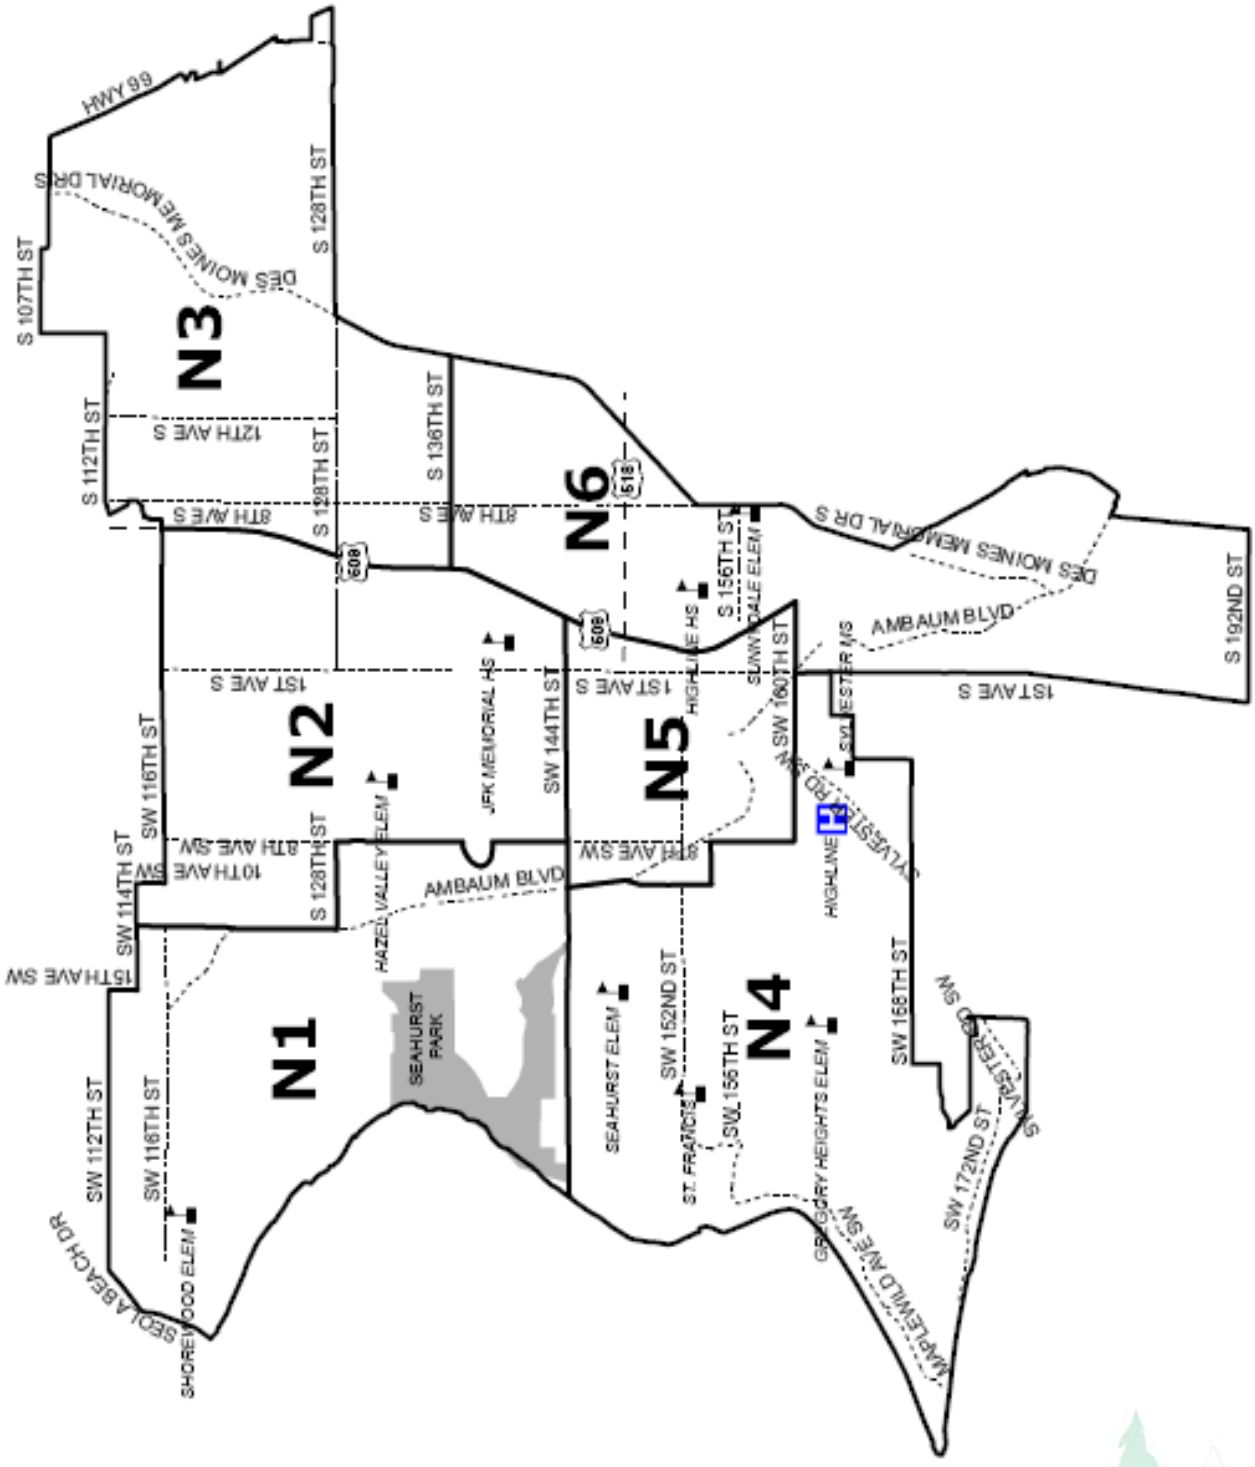

Goals & Objectives
In order to realize this mission, the City of Burien Police Department has adopted the following goals and objectives:

Goal # 1: Provide high-quality, cost-effective, and accountable services to the City of Burien
Objective: Provide responsive services to residents.
Objective: Provide cost-effective services to residents.

Goal # 2: Reduce crime and the fear of crime
Objective: Use information for crime analysis
Objective: Apprehend offenders
Objective: Prevent crime
Objective: Improve residents' feeling of security

Goal # 3: Increase diversity, including gender diversity, in the workplace

2014

City Cost Comparison

The annual police cost comparison study is conducted by the KCSO Contracts Unit. The study accounts for budget differences and may factor in (or out) certain line items in order to allow for "apples-to-apples" comparisons. Burien's cost per capita here is different than the contract cost per capita, which only includes Burien's law enforcement contract paid to the county.

City	2014 Police Budget	2014 Population	2014 Sworn	Cost/ Capita	Cost/ Sworn	Sworn/ 1000
Algona	$1,222,000	3,090	8.00	$395	$152,750	2.59

Data sources:

1. Budgets found on city websites or via city finance personnel.
2. Population is from the Office of Financial Management.

Burien's Crime Rate

The Crime Rate is a calculation of the number of Part I Crimes divided by population in thousands. Part I Crimes is a category of crimes established by the Federal Bureau of Investigation (FBI). It includes criminal homicide (which includes murder and non-negligent manslaughter, but excludes deaths by negligence, attempts to kill, suicides, accidental deaths, justifiable homicide, and traffic fatalities), forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson.

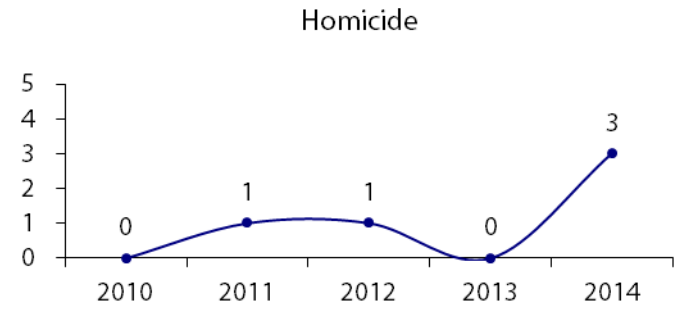

Note: The 2010 calculation uses a weighted average of pre- and post-annexation populations.

Source: Police Services Data

Part I Violent Crimes against People

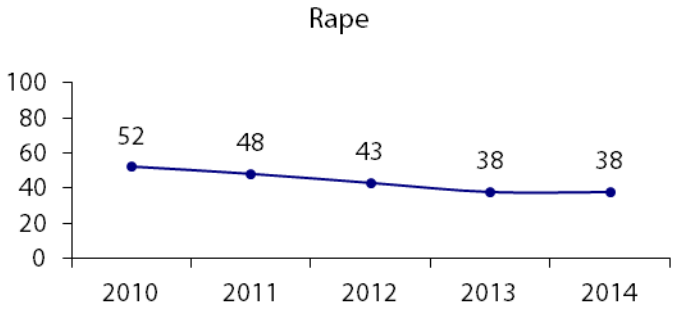

Part I Crimes include crimes categorized as "violent crimes" or "crimes against people." The following are Burien's Part I Violent Crimes.

Homicide

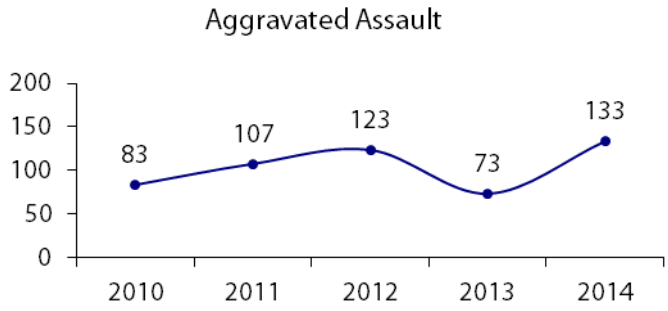

The willful killing of one human being by another. Includes murder and non-negligent manslaughter, justifiable homicide, and manslaughter by negligence.

Source for all below: Police Services Data

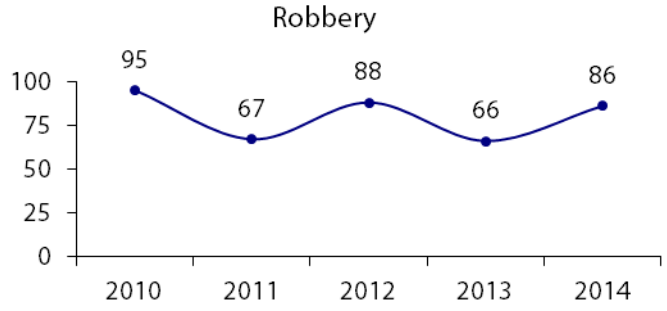

Rape

Rapes by force and attempts or assaults to rape, regardless of the age of the victim, are included in this count. Statutory offenses (no force used—victim under age of consent) are excluded.

Aggravated Assault

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Robbery

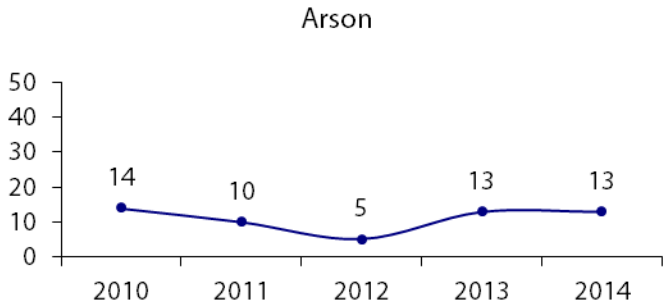

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person by force, threat of force, violence, or by putting the victim in fear.

Part I Non-Violent Crimes against Property

The second group of Part I Crimes is known as "non-violent crimes," "crimes against property," or "property crimes." The following are Burien's Part I Crimes against Property. Information about vehicle theft, also included in this category, can be found with traffic and automobile incident information.

Arson

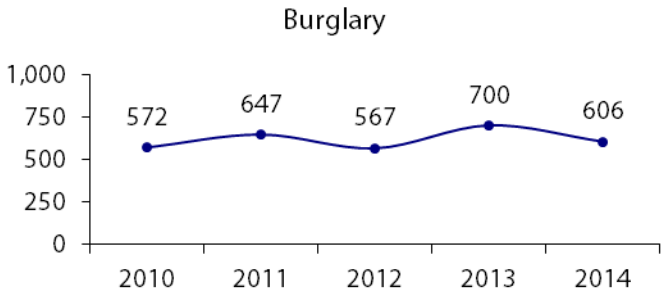

Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another.

Source for all below: Police Services Data

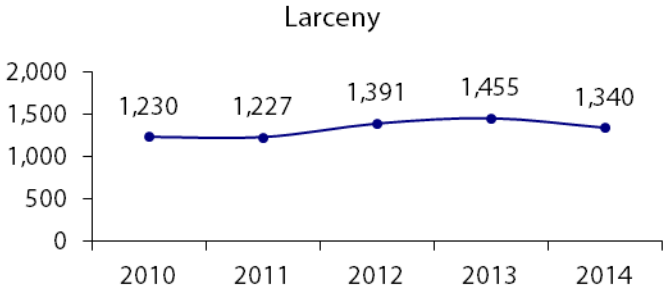

Burglary (breaking or entering)

Burglary is the unlawful entry of a commercial or residential structure with the intent to commit a crime. Attempted forcible entry is included.

Larceny (except vehicles)

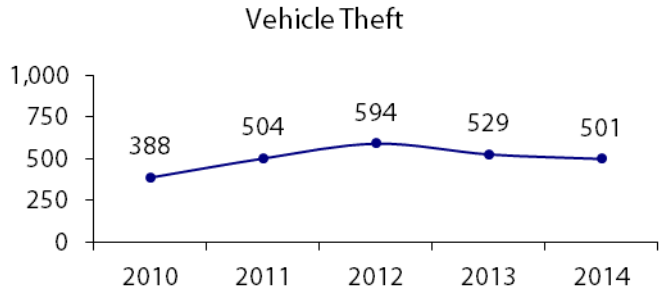

Larceny is the unlawful taking, carrying, leading, or riding away of property of any value amount from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pocket-picking, or the stealing of any property or article that is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, forgery, check fraud, and like crimes are excluded.

Traffic and Automobile Incident Information

Vehicle theft

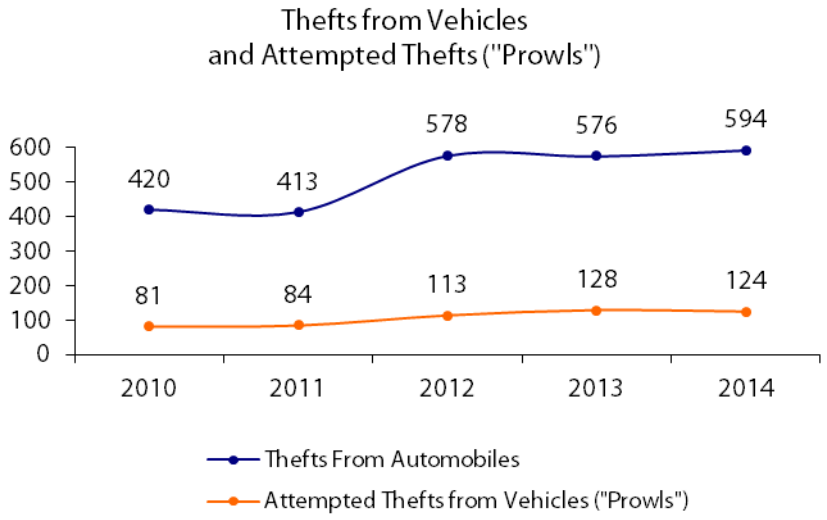

Vehicle theft is included in Part I Crimes against Property. It is the theft or attempted theft of a motor vehicle, which is defined as being self-propelled and running on a land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Source: Police Services Data

Thefts and Attempted Thefts ("Prowls") from Automobiles

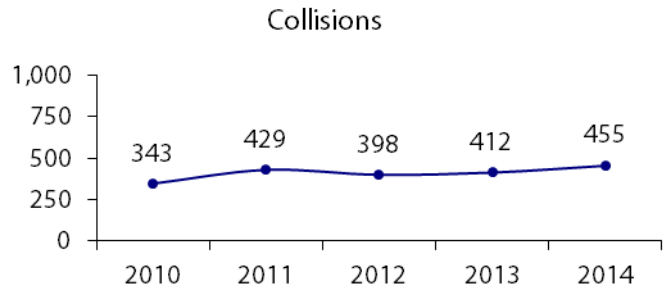

A theft or attempted theft ("prowl") from an automobile is the act or attempted act of taking something from the inside of an automobile.

Source: Police Services Data and CAD System

Traffic Collisions

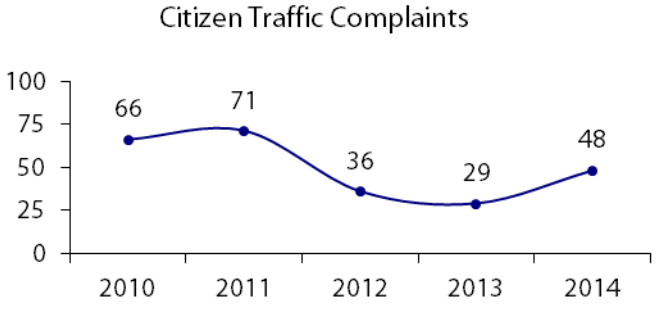

Collision information includes reports for injury, non-injury, and fatality vehicle collisions. Driving under the influence (DUI) collisions and hit-and-runs are excluded from this category.

Source: Police Services Data

Citizen Traffic Complaints

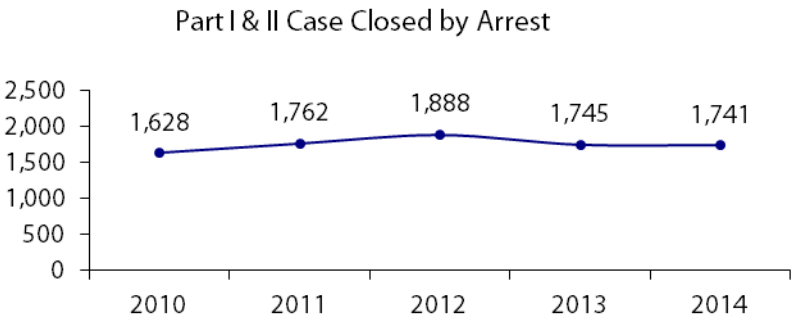

Citizen traffic complaints include all reports residents make regarding chronic traffic violations and requests for traffic enforcement. Complaints are assigned out to specific traffic enforcement units as well as patrol and are worked on a regular basis. Some complaints are resolved relatively quickly, while others become the site of on-going traffic enforcement projects.

Source: Police Services Data

Part I & II Cases Closed by Arrest

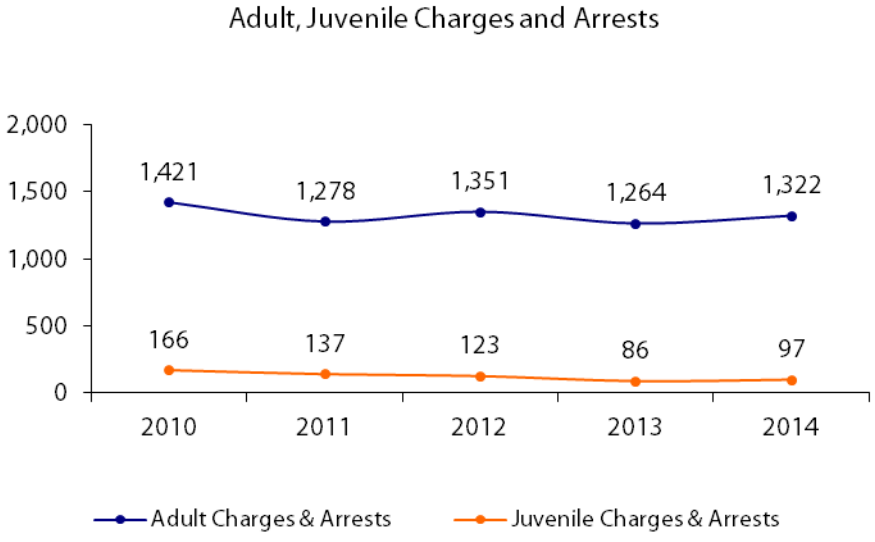

The cases below represent incidents where an officer or detective has recommended that the King County Prosecutor's Office file criminal charges against the case suspect. These criminal charges may result in an arrest or another form of punitive action, such as a citation. A prosecuting attorney is solely responsible for the decision to formally file charges and prosecute defendants.

Source: KCSO RPIS Unit

Adult and Juvenile Charges and Arrests

One or more charges can result from a single arrest. Charges also can be filed when probable cause exists against a person who may not have been arrested. The following are the total number of felony and misdemeanor charges and arrests by adult and juvenile status.

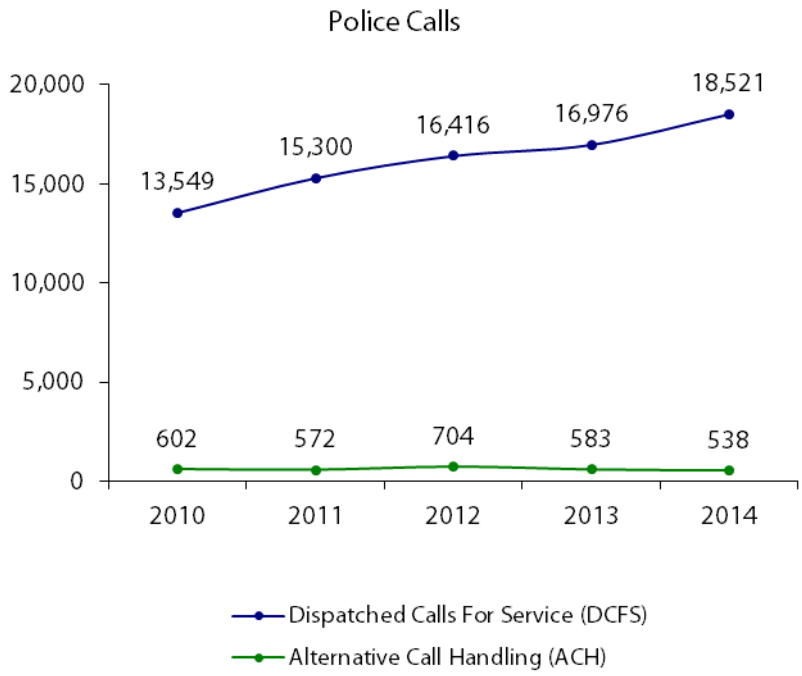

Source: Police Services Data

Calls for Police Assistance

The public receives police assistance in a variety of ways. Residents can call the Emergency 911 Communications Center to have one or more officers dispatched to the field, called a "dispatched call for service."

In addition to dispatched calls for service, 911 center operators can take certain types of reports over the phone through alternative call handling (ACH). This allows police officers more time to respond to those who need an officer present at the location of their incident.

Following are the numbers of dispatched calls for service (DCFS) and alternative call handling (ACH) incidents reported.

Source: Police Services Data and CAD

Dispatched Calls For Service (DCFS): The number of DCFS shown here includes calls that are verified to take place inside the city limits and that are charged to the city as part of its police contract. Total DCFS counts, as shown in the Police Service Data section, may be slightly higher (usually less than 5 percent higher).

Response Times to High Priority Calls

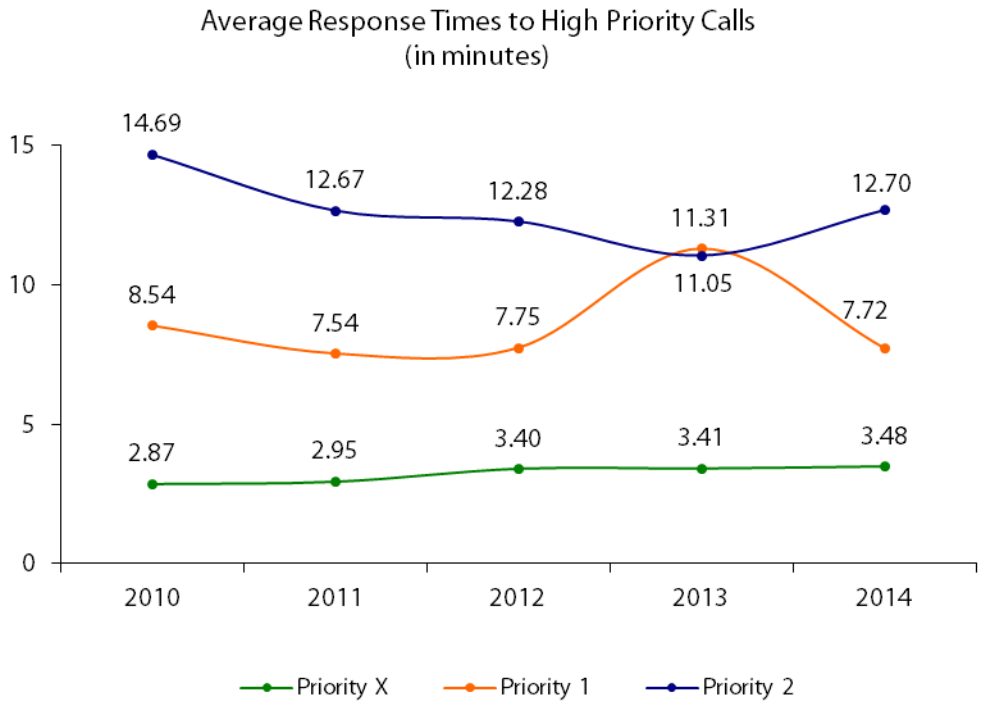

When calls for police assistance are received by the Emergency 911 Communications Center, they are entered into the Computer Aided Dispatch (CAD) system and given a "priority" based on the criteria described below. If the call receiver is in doubt as to the appropriate priority, the call is assigned the higher of the two priority designators in question.

"Priority X" designates critical dispatches. These are incidents that pose an obvious danger to the life of an officer or citizen. It is used for felony crimes in-progress where the possibility of confrontation between a victim and suspect exists. Examples include shootings, stabbings, robberies or burglaries.

"Priority 1" designates immediate dispatches. These are calls that require immediate police action. Examples include silent alarms, injury traffic accidents, in-progress crimes or crimes so recent that the suspect may still be in the immediate area.

"Priority 2" designates prompt dispatches. These are calls that could escalate to a more serious degree if not policed quickly. Examples include verbal disturbances and blocking traffic accidents.

Following are the City of Burien's Police response times for the above priority calls. Response times include all time from the receipt of a phone call to the moment an officer arrives at the location of the incident.

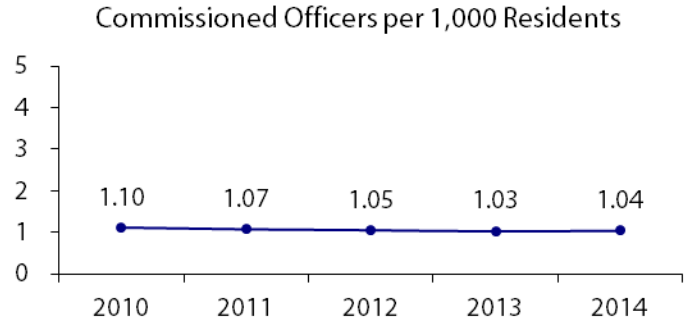

Source: Police Services Data

Computer Aided Dispatch (CAD): A computerized communication system used by emergency response agencies for dispatching and tracking calls for emergency assistance.

Commissioned Officers per 1,000 Residents

Commissioned officers per 1,000 residents shows how many commissioned police officers are employed by Burien for every 1,000 residents. This number includes commissioned officers who work in supervisory or other non-patrol related positions as well as special services officers who work part-time for the city. It does not include professional (i.e. non-commissioned) support staff.

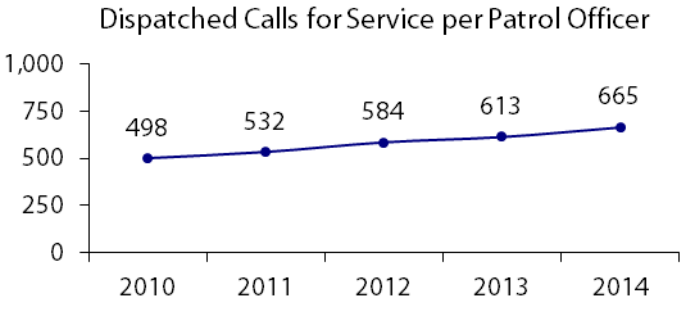

Note: The 2010 calculation uses a weighted average of pre- and post-annexation populations. "Commissioned Officers per 1,000 Residents" for 2010 would be 1.02 using post-annexation population of 48,072, or 1.47 using the pre-annexation population of 33,313.

Source: KCSO Contracts Unit

Dispatched Calls for Service (DCFS) per Patrol Officer

Dispatched calls for service (DCFS) per patrol officer is the average number of dispatched calls one patrol officer responds to within a year. This number uses only dispatched calls Burien pays for and does not include the number of responses an officer initiates (such as witnessing` and responding to traffic violations, called "on views"). Also, the numbers below are *patrol only* and exclude non-patrol commissioned officers (such as supervisors or special duty officers/detectives).

Source: KCSO Contracts Unit

Costs of Police Services per Capita

The City of Burien contracts with the King County Sheriff's Office (KCSO) for police services. Among other benefits, contracting for services from a larger law enforcement agency allows for cost savings through "economies of scale." Specific economies of scale provided through the contract with KCSO include:

- Mutual aid agreements with other law enforcement agencies in Washington State
- A large pool of officers if back-up help is necessary
- Coverage if city officers are away
- Expertise of specialized units to assist officers
- More experienced officers to select from for city staffing
- Cost sharing throughout the department to keep city costs down

Costs for police services vary depending on a city's resources and the level and type of police services the community wants. The City of Burien may have additional funds or expenditures for special projects or programs as part of the city's law enforcement budget. These additional costs are not reflected in the contract cost per capita, which shows the contract cost for police services divided by Burien's population.

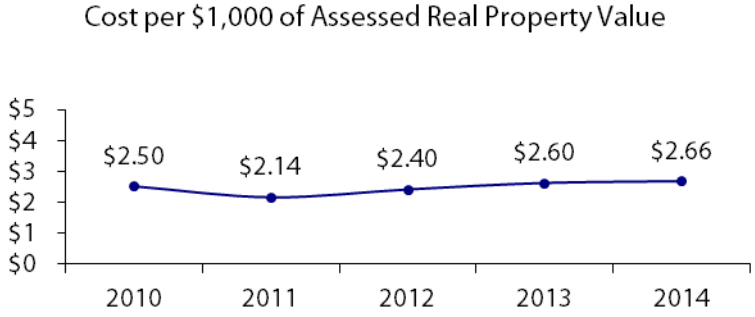

Note: The 2010 calculation uses a weighted average of pre- and post-annexation populations. "Contract Cost per Capita" for 2010 would be $185.88 using post-annexation population of 48,072, or $268.23 using the pre-annexation population of 33,313.

Source: KCSO Contracts Unit

Cost per $1,000 of Assessed Real Property Value

Cost per $1,000 of assessed real property value shows Burien's contract cost in relationship to the property values of Burien.

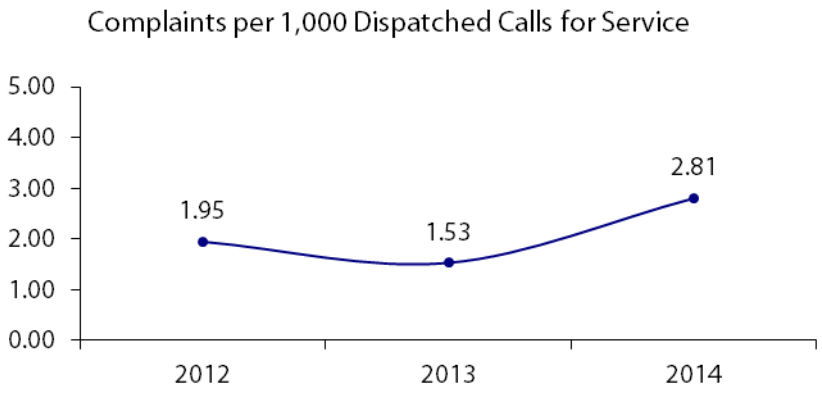

Source: King County Assessor's Office

Complaints against Officers

Complaints against city police officers can originate from the public or internal police department personnel. All complaints are accepted and reviewed. When a complaint is made, the King County Sheriff's Office Internal Investigations Unit (IIU) will review the complaint. While serious complaints are investigated by IIU, the majority of complaints are less serious and are handled at the worksites by supervisors. The following are the total number of internal and external complaints that were investigated for city officers:

Note: Beginning in 2012, a new methodology for reporting and collecting information about Complaints against Officers was implemented. This new methodology takes advantage of improved reporting features available in the database used to collect complaints. This method will be used going forward and will provide a more accurate view of complaints received.
