Waa maxay macnaha nafiskeenaha?

Waxyaalaha la kariyo waxay ka sameysan yihiin walxo gebi ahaanba burburi kara, sida balaastikada ku saleysan dhirta (PLA), fiber-ka dhirta, alwaax, iyo warqad.

Waxyaabaha la iskudari karo ayaa buuxiya heerarka ASTM D6400 ama D6868.

Sideen ku heli karaa iibiyeyaasha alaabta bacriminta ah?

Waxaad ka heli kartaa iibiyeyaal iibiya waxsoosaarka nafaqada leh websaydhka Magaalada Burien!

Ka waran haddii sheygu yiraahdo "biodegradable" oo uusan "compostable" ahayn?

Tiro badan oo badeecooyin ah oo loo xayaysiiyay inay yihiin "bey'ad-saaxiibtinimo" ma ahan kuwo la isku kariyo oo aan ku burburin nidaamka nafaqeynta ganacsiga. Hubso in badeecooyinka aad iibsatay ay la kulmaan qeexitaanka isku-dhafka ah.
