Objective 1: Building Trust

Every interaction we have with a community member, business leader or first responder is an opportunity to establish and nurture a relationship that builds trust in the individual officer, Burien Police Department and the law enforcement profession.

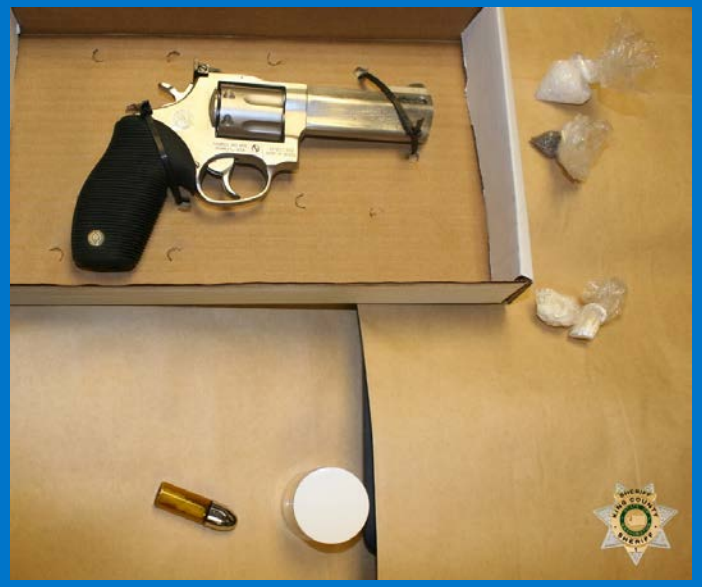

Objective 2: Fighting Crime

Public safety is a team sport and everyone has an essential role, including community members, schools, businesses and law enforcement partners. Together we will promote a safe and healthy community.

Objective 3: Supporting Each Other

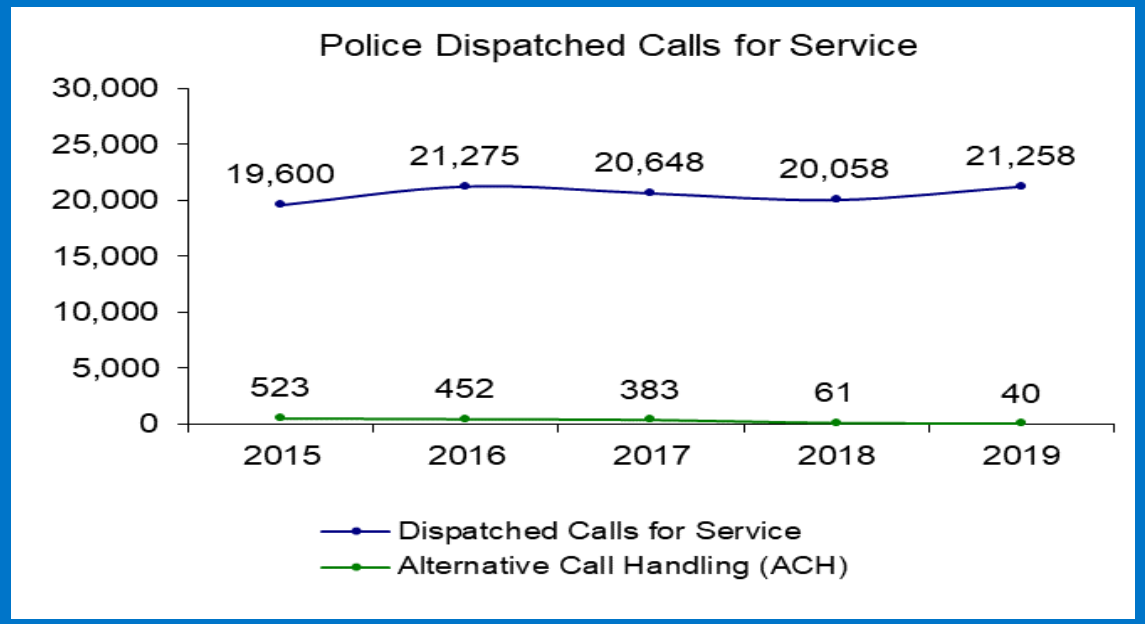

The health and well-being of our employees is central to our success. Employee satisfaction and delivery of quality service are directly interconnected.

Out With The Old…

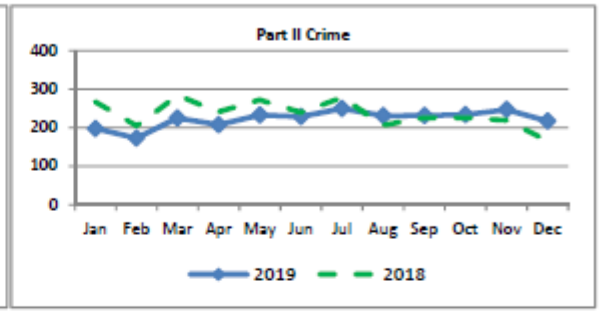

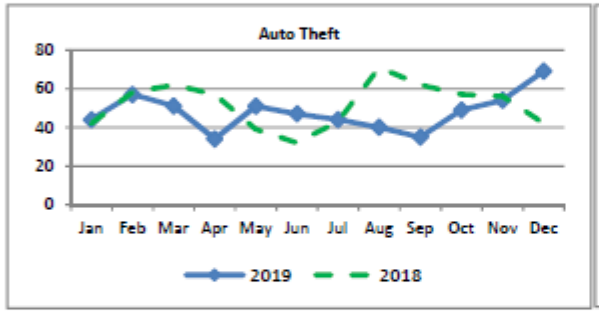

Uniform Crime Reporting (UCR)

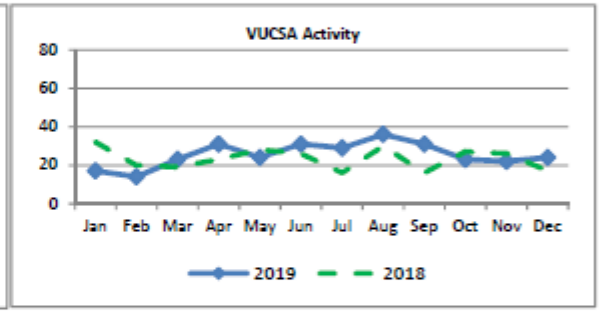

- Originated in 1930 , with FBI Maintaining Records
- National Standard for Crime Reporting for ½ Century
- Measured and Classified Crimes as Part 1 and Part 2
- Only Counts Limited Number of Crimes
- Data is Collected but Little Value Beyond Numbers

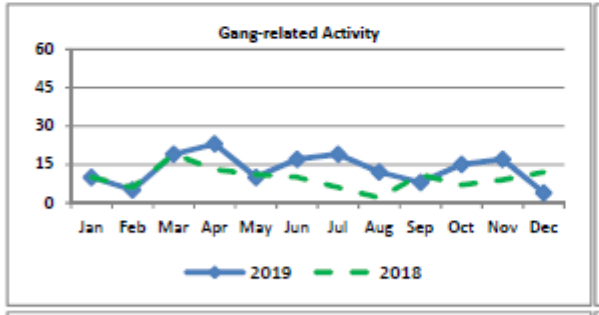

City of Burien
Crime Trends
2018 - 2019

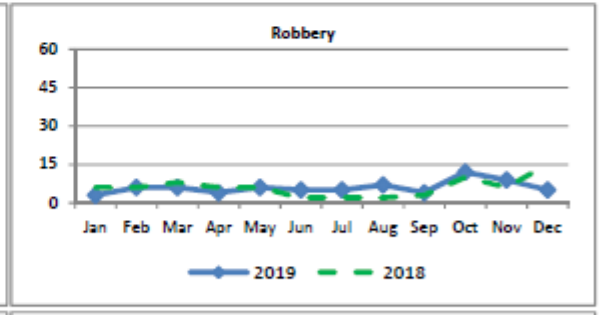

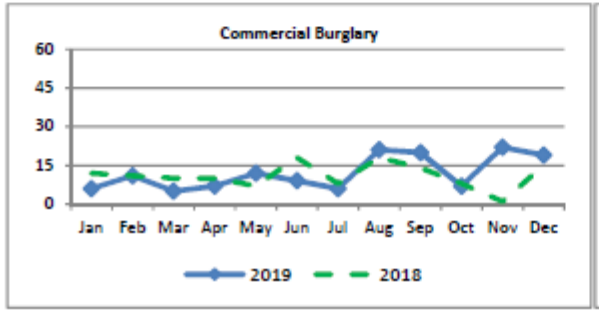

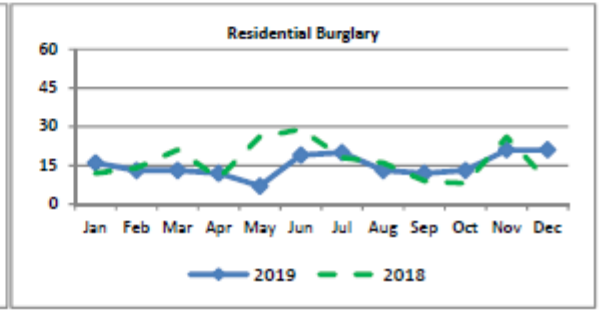

In With The New

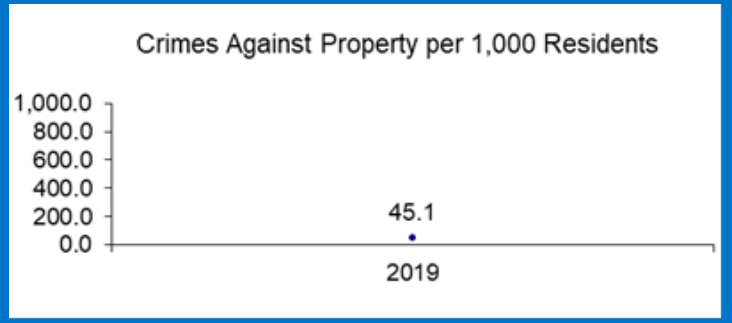

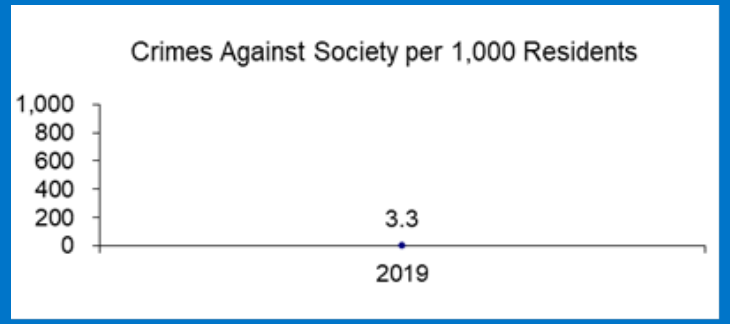

National Incident Based Reporting System (NIBRS)

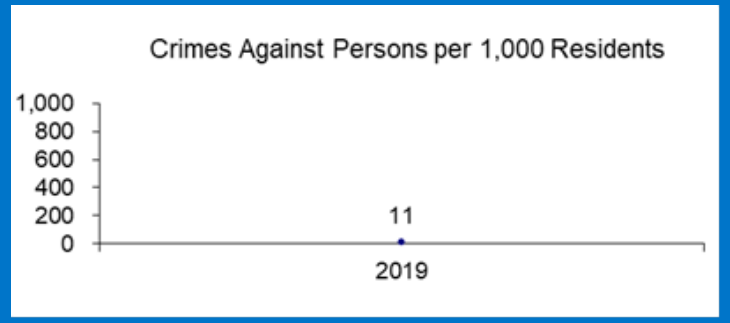

- Transitions to NIBRS started in 2003
- UCR Obsolete and Mandatory NIBRS by 2021
- Better Data Set- More Details and Context
- Addresses Relationships Between Crime, People, Locations, Times
- Allows for Analytical Review
- Tracks Modern Crimes (ID Theft, Hacking, Animal Cruelty)

Apples to Oranges

- 2019 is First Full Year of Burien PD Data
- One to One v. One to Many (up to 10)
- Sorry- You Can Not Compare NIBRS data and UCR Data
- …but You Can Compare Data to Other Jurisdictions on NIBRS
- …and all King County Police Agencies are on NIBRS
- 2019 Base Line for Trends

RANT & RAVE

RAVE to the superb help I got in Burien. Earlier this week, I had a flat tire on a busy street. I was able to pull into a restaurant parking lot and began the task of changing the tire. As I had never changed one on this particular car, I was struggling a bit. Three gentlemen who were exiting the lot asked if I needed help. At the age of 80, I swallowed my pride and said yes. The men were knowledgeable, efficient and very personable. I came to find out that they are Burien undercover detectives. If these three men are representative of what their colleagues are like, the city is in great hands.

RANT to doctor's offices and medical clinics that robocall your phone. The recording always has my name, date, and time of appointment, then insists I must "press 1" to confirm it. Why must I confirm information that the office already knows? I appreciate the reminder, but I refuse to press 1 at the direction of a robocall. Too many phone scams work exactly the same way. If you really need confirmation of my appointment, have a human being from your office call me.
